NATIONAL BANK OF PORTLAND

SAVINGS DEPARTMENT.

THIS BANK HAS ESTABLISHED IN CONNECTION with the general Banking business a SAVINGS DEPARTMENT, and will allow Interest on Coin Deposits made in accordance with the conditions adopted by the Association.

In establishing a SAVINGS DEPARTMENT this Banking Association has in view the benefits to accrue to a class of persons having small sums to loan, by providing a safe place of deposit, ample security and fair rate of interest, as well as to aggregate and bring into use idle capital.

For the safety of deposits in this Bank are pledged the entire capital and resources, and also the personal liability of its Directors and Stockholders, as provided by Section 12 of the National Currency Act, approved June 3, 1864, a greater security than that given by ordinary Savings Banks. Printed copies of the conditions upon which deposits are received may be had upon application at the Bank.

DISPATCHES TO THE OREGONIAN.

EASTERN DATES TO OCTOBER 10.

EASTERN STATES.

Indiana Claimed by Both.

INDIANAPOLIS, Oct. 9—11 P. M.—The Republican Central Committee figure the majority by actual official returns from 47 counties and partial returns with estimated majorities from the balance, that the State goes 228 for Brown, Republican. The Democratic Committee claim a net gain on the returns from 55 counties on the vote of 1868, which, with partial returns and estimated majorities from the rest of the State, will elect Hendricks by 1,000 majority. The vote is so close that it may require the official count to determine the result. Democrats are jubilant.

INDIANAPOLIS, Oct. 9—10:30 P. M.—Latest returns received to-night show a Democratic gain on the State ticket, and indicate the election of Hendricks by a small majority. Republicans gain two Congressmen and probably lose one.

Further from Ohio

COLUMBUS, Oct. 9.—The Democratic State Central Committee concede the election of all the Republican Congressmen in all the Republican districts, except Hamilton county, and 10,000 Republican majority on State ticket.

Pennsylvania Majority Still Gaining.

PHILADELPHIA, Oct. 9.—A special to the *Commercial* says nearly all the returns from the State have been received at the Republican headquarters, and make Hartranft's majority 31,000. The Republicans gain seven members of Congress, and lose one. Twenty Republicans and seven Democrats are elected. The Republicans have a majority in the Constitutional Convention, and sixty members in the Assembly against 40 Democrats.

Officers Indicted.

NEW YORK, Oct. 9.—The grand jury have indicted Chief of Police McWilliams and detective Doyle for conspiring to rob the First National Bank in Jersey City, in June last, having burglars' tools and using them in breaking into the bank. Doyle has filed bonds for $28,000. McWilliams had not been arrested at the adjournment of the Court.

Fatal Shooting.

CINCINNATI, Oct. 9—In Ripley, Ohio, yesterday afternoon, John Cochrane shot and mortally wounded his brother-in-law, Frank Bidowell, who died this morning.

Suicides.

LOUISVILLE, Oct. 9—This morning, Dr. W. J. Bell a well known physician of this city shot himself in front of his own drug store. He had just been refused admission by his own son. Family troubles are supposed to be the cause of the rash act.

U. S. Minister to Liberia Stabbed.

ST. LOUIS, Oct. 9.—At three o'clock this morning, during a heated political discussion between J. Milton Turner, colored Minister to Liberia, and George Malley, another prominent man, the latter stabbed the former with a pocket knife in the left breast, inflicting a wound thought to be mortal. Turner was conveyed to his residence. Malley was arrested.

Arrest of Circus People.

RICHMOND, Oct. 9.—Five members of John Robinson's Circus have been arrested charged with the murder and robbery of Davenport, in Charlotte county, Virginia.

Greeley Goes Back to his Farming.

BALTIMORE, Oct. 9.—Horace Greeley arrived this evening and will deliver an address at 4 o'clock at the Annual Fair of the Maryland Agricultural and Mechanic Society.

Officer Killed.

PHILADELPHIA, Oct. 9.—Officer McGonigle quarrelled with John O'Brien yesterday. They met to day and the officer beat O'Brien, who took refuge in a saloon. McGonigle following him, O'Brien seized a revolver and fired two shots, one of which took effect behind McGonigle's ear, killing him instantly. O'Brien was arrested.

WASHINGTON CITY.

WASHINGTON, Oct. 9—The following were the balances in the Treasury at the close of business yesterday: Currency, $6,307,522; coin, $78,956,659, including $24,039,000 coin certificates on special deposit. Legal tenders held for redemption on certificates of deposit, $17,520,000. The Treasury Department is satisfied with the effect on business of its late policy in selling gold and buying bonds.

MEXICO.

From Matamoras.

MATAMORAS, Oct. 9.—Gen. Rocha and staff arrived this afternoon from Monterey. He was received by a large concourse of citizens, and was entertained at a dinner given him by citizens of this city. The country is pacific; the revolutionists having surrendered and returned to their homes. Gen. Rocha's presence is supposed to be connected with the approaching Presidential election, in which he favors the success of Tejada.

BY ATLANTIC CABLE.

Closing Coal Works.

LONDON, Oct. 9.—Eighteen coal masters of South Wales resolved to close their works shortly, pending the reduction of wages of employes.

Funeral of King Charles.

STOCKHOLM, Oct. 9.—The remains of the late King Charles IV. have been brought to the Capital from Malmo, and buried beneath Riddersholm Church. The funeral procession was long and imposing, nearly every house along the route was draped in mourning, and the ceremonies were impressive.

Strike in Brussels.

BRUSSELS, Oct. 9.—A general strike among workmen in this city is imminent.

SHORT PARAGRAPHS.

The manufacture of dolls' shoes from scraps of morocco, all fancy buttoned and tipped, has, within the past three years, grown into a big business. One manufacturer in Massachusetts turns out 50,000 pairs per annum, and uses 20,000 feet of morocco and sheepskin.

There is a strong league in New York, whose object is the annexation of Canada to the United States. The annexation sentiment is reported to be steadily gaining strength among thoughtful people and business men whose interests are not promoted by the British alliance.

If the figures do not lie, Brother Jonathan beat John Bull two years since in income by £6,000; as in 1870 the Federal taxes of America produced £78,966,000, while the revenue of England for the same year had been £78,960,000; but England spent more, for £20,000,000 of the revenue had been applied by the Americans to the discharge of their debts.

The price of coal has recently risen greatly in England, and, consequent upon this, quite a reaction has set in against steam locomotion. In the vicinity of London the old four-horse coaches have made their appearance in considerable numbers; folks are trying to swim the English Channel, and many others do much of their travel on shank's mare, which but just now bore the Rev. Jamison safely from Edinburgh to London in eighteen days and a forenoon.

At Marion, Indiana, a few days ago, two thirsty young men thought to secure free drinks in a drug store during the temporary absence of the proprietor. By mistake the laudanum bottle was seized hold of instead of the one containing *eau de vie*, and while one put down very hastily a two-finger drink from a glass the other sucked from the bottle. When they came to plank down $5 each for medical services and the use of a stomach pump, they found they had paid a pretty round price for free drinks, which wouldn't remain on the stomach.

LAST NIGHT'S DISPATCHES.

SPECIAL DISPATCHES TO THE OREGONIAN.

EASTERN STATES.

Death of Ex-Secretary Seward.

ALBANY, N. Y., Oct. 10.—Ex Secretary Seward died at his residence here at 3 P. M. to-day.

The Result in Indiana.

INDIANAPOLIS, Oct. 10.—Returns received to-day are more favorable to the Republican State ticket. The Republicans claim 600 majority on the entire State ticket. The Democrats concede the election of the Republican State ticket except Governor, claiming a small majority for Hendricks. The official vote is coming in very slowly, and it will require almost the entire vote to arrive at a definite result.

Philadelphia, Official.

PHILADELPHIA, Oct. 10—Official counts show 118,000 votes polled in the city. Hartranft's majority in the city is 20,137; majority for Congressman at large, 21,019.

Divided and Beaten.

YANKTON, (Dakota) Oct. 9.—The election yesterday for this Territory was a personal contest. The Republican vote was divided between two candidates, Judge Broking and Col. Maedy. The returns received up to 5 o'clock to-night insure the election of Armstrong (Democrat) by a small plurality. He being personally popular has received the votes of many Republicans. The combined Republican vote would have beaten him nearly two to one.

Dying in the Last Ditch.

ST. LOUIS, Oct. 10.—The *Republican* this morning editorially by no means takes a discouraging view of the defeat of Tuesday. It strongly urges the Democrats and Liberals to keep up the fight and work vigorously for success in November.

Republicans Rejoicing—Close Contest.

COLUMBUS, Oct. 9.—A jollification was held by the Republicans to-night over the election. A procession was formed and marched into where Speaker Blaine was spending the evening, and insisted on a speech. Mr. Blaine spoke for about ten minutes.

TOLEDO, Oct. 9.—This district will give Sherwood, Republican candidate for Congress, 150 majority, and a still larger majority for the State ticket. The fight has been hard and closely contested; Republicans dividing on local interests.

The Turner-Wedley Affair.

ST. LOUIS, Oct. 10.—The rencounter between J. M. Turner and George Wedley, two prominent colored politicians, yesterday morning, seems to have grown out of political jealousies. Turner was anxious to be elected to the Legislature but Wedley favored C. H. Landy. Both were at the reception given Thursday night. Turner denounced Wedley in strong terms. About 3 o'clock yesterday morning Landy called at Wedley's house and asked him to get up to consult about a meeting. Wedley complied and stepped out on the street and found Turner there and reproached him for his bad treatment. Whereupon Turner knocked him down three times, when Wedley drew a pen knife and thrust it into Turner's left lung. Turner lives, but is in a critical condition. To-day is being observed as a holiday, to allow citizens generally to attend the fair at the Merchants' Exchange. Most of the public offices are closed and business is generally suspended.

Great Earthquake.

SIOUX CITY, (Iowa) Oct. 10—3 P. M.—Yesterday the city and vicinity were visited by quite a severe shock of earthquake. People rushed out of doors and considerable excitement prevailed for a brief period. The shock lasted a minute and a half. Buildings were pretty well shaken. No other damage is reported.

At Fort Randall the shock was severe and great excitement prevailed.

At Yankton the shock was faint but distinct. No damage.

Reports from other parts of the State show the principal points escaped entirely.

WASHINGTON CITY.

WASHINGTON, Oct. 10.—A dispatch received from Gen. Cresswell, from Indiana, concedes the election of Hendricks by a small majority.

BY ATLANTIC CABLE.

English Papers on the Election.

LONDON, Oct. 10.—Journals foresee the re-election of Grant. They comment at considerable length on the effect of the contest.

The *Times* says: "We cannot regret the result."

The *News* says: "Greeley's case is now a forlorn hope and will certainly fail."

The *Post* characterizes the Liberal Republican movement as a failure beyond redemption.

NEW YORK, Oct. 10.—A London letter says the publication of the ponderous judgment of Sir Alexander Cockburn, dissenting from the award of the Geneva Arbitrators, had the effect to create a belief that the award was flagellantly urged to England. The language of Lord Duff, Justice, is very severe, and—he is alike indignant at the the British and American Governments. The London *Telegraph* finds cause for gloomy forebodings.

CALIFORNIA.

From San Francisco.

SAN FRANCISCO, Oct. 10.—The examination into the cause of the burning of the steamer *America*, is slowly progressing.

J. H. Torrey, residing on Kearney street, near Pacific, was found dead in his bed this morning.

A private dispatch received in this city conveys the sad news of the accidental death of E. L. Luke, Engineer of the Eureka Consolidated Mining Co., Eureka, Nevada. He was caught by the main shafting and so severely injured that he died within two hours after he was extricated.

The U. S. Chief Supervisor of Elections, N. Holland, is now appointing Supervisors for the coming Presidential election, of whom eight are required.

CLARKE COUNTY FAIR.

The Fifth Annual Fair of the Clarke county Agricultural and Mechanical Society, opened at Vancouver on Wednesday, the 9th inst.

The weather being propitious, the attendance was larger than on the corresponding day last year.

THE PAVILION.

Metropolis Hall, a spacious building centrally located, is fitted up for a Pavilion and answers the purpose admirably. The upper story is converted into a picture gallery, where, by agencies of lottery, pictures are disposed of at much more than their real value. The lower floor is very tastefully fitted up and the display of fruits and vegetables are unusually fine.

THE RACE COURSE,

which is on the bottom just above town, is in excellent order, and from the number and blood of the horses in training, the races will doubtless be very interesting.

THE ADDRESS.

M. R. Hathaway, President of the Society, delivered the Annual Address on Thursday, at 2 o'clock P. M., which was well received and was a good, sound, practical discourse on the best methods of developing the resources and enhancing the prosperity of the country in mechanical and agricultural matters.

The Twenty-first Infantry Band was in attendance yesterday, and added much to the festivity of the occasion. The usual number of photographers, soap venders, and magic oil men are on hand, but do not seem to be driving a very thrifty business.

LIVE STOCK.

The display of live stock would do credit to a larger county than Clarke, and on the whole the Fair is alike creditable to the Society and the county.

General Neal Dow has sent to the London *Times* letters signed by the Governor and Executive Council of Maine, and by Messrs. Hamil, Morl, Frye and Blaine, setting forth the good effects which have been produced by the enactment and enforcement of the liquor law.

OREGON LEGISLATURE.

Seventh Biennial Session.

Senate.

MORNING SESSION.

SALEM, Oct. 10, 1872.

Senate met at 10 A. M., with President Fay in the Chair, and all Senators present.

Prayer was offered by Rev. Father Goens, of Salem.

Journal of yesterday read and approved.

Mr. Hallock, from the Judiciary Committee, reported back H. B. No. 68, to purchase 100 copies of Deady's Reports, and recommended its passage; also S. B. No. 43, prescribing the punishment for injuring railroads, with the recommendation that it pass; also J. R. No. 6, proposing amendments to the State Constitution, with the recommendation that it be adopted.

Mr. Myers, from the Committee on Ways and Means, reported back H. B. No. 10, and rec

FRIDAY MORNING OCTOBER 11 1872.

The Death of Ex Secretary Seward

The dispatches announce the death of Wm H Seward, at his residence in Albany New York on yesterday He was born at Florida in Orange county N Y May 16 1801 and was consequently in his seventy second year at the time of his death He was graduated from Union College in the class of 1819 During his senior college year he went South on leave of absence and taught a few months school in Georgia During that time he imbibed those strong feelings of opposition to slavery which controlled his political course throughout the contest between liberty and slavery, which lasted for more than thirty years, ending in the great rebellion After taking his collegiate degree he studied the law and was admitted to the bar in 1823 The next year he removed to Auburn where he formed a copartnership with Judge Miller, whose daughter he afterward married

He engaged in politics early taking sides with the minority and in opposition to the Democratic party which was then in power in the State and distinguished himself both as a writer and as a speaker In 1828 he was tendered a nomination for Congress, which he declined Two years later he was elected to the State Senate on the anti Mason ticket. During his term in the Senate he originated the system of opposition to corporate monopolies, which is the basis of the laws of the State of New York upon that subject

In 1834, after returning from a tour in Europe, he was the Whig candidate for Governor of New York, against Hon W L Marcy, afterwards Secretary of State and was defeated In the election of 1838 the same candidates were again in the field and Mr Seward was elected by a large majority

In 1840, he was re elected Governor and on the expiration of this second term engaged again in the practice of the law

In February, 1849, he was elected to the United States Senate to succeed General Dix, whose term expired on the 4th of March ensuing His course as a Senator from that time till he was called into President Lincoln s Cabinet as Secretary of State is a part of the history of the country with which all are familiar His "irrepressible conflict" and his "higher law" made him at once as many warm friends and as many bitter enemies in the field of national politics as it was the lot of any man to have

As a diplomatist Mr Seward shone with even greater luster than as a Senator The name of the great Secretary occupies as high a place in the history of modern diplomacy and statesmanship as that of any other man on either side of the Atlantic

Mr Seward's studies were not confined to the sphere of politics, but embraced a broad field of literature and science He was an accomplished scholar as well as a statesman

A gentleman of this city who has always taken an active interest in all matters pertaining to the cause of education, and in the common schools especially, sends us a communication in regard to the bill now pending before the Legislature That bill has been prepared with great care, and no such innovation is proposed by it as will be likely to encounter serious opposition from the people. The main features of the bill are, the levying of three mills school tax, and requiring six months' school to be kept in the district each year, to entitle the district to draw public moneys from the State.

This is working in the right direction It is the wise course, because it is the first step in a reformation that may be carried on to perfection, without any of the ill effects that follow violent revolutions Such respect for the existing order of things is one of the indispensable conditions of success in the matter of popular education

Thus far the bill is good, but should it not make some provision for the conducting of district elections, so they would reflect to some extent the wishes of the intelligent and well disposed voters of the district? If there is any department of public affairs that would, more than another, be expected to be controlled and managed by intelligent persons, and in accordance with the most enlightened views of the community, it is the department of education If the general politics of the country has come to be a thing outside of the rules of common decency, let the school system be a special exception There is something exceedingly unpleasant in the idea of introducing the customary brawls of ward politics into the government of our school districts These things are bad enough anywhere, but nowhere else do they appear so shocking as in those affairs which pertain to the education of the young, and nowhere else are their baneful effects greater

The bill pending before the Legislature known as the Portland Police bill, as originally introduced, took the power to appoint the Police Commissioners of this city out of the hands of the Governor, and authorized the Mayor to make the appointments with the consent of the Common Council We understand it was so amended before its passage by the Senate, as to vest the appointing power in the Council alone We cannot but regard this amendment as unfortunate The right of the Common Council to reject any nomination that the Mayor might make would sufficiently preserve the influence of that body and of the people whom it is supposed more directly to represent, in the selection of the Commissioners, while the appointment being in the hands of the Mayor would prevent that bargaining and bartering among Councilmen to which they will be tempted by having the matter wholly in their own hands We do not price the Common Council of the city of Portland either below or above the average of of such bodies in point of morality in saying that, dependent for their election as they will be to some extent, upon the assistance of those who will serve them for political reward they are not likely, always to withstand the pressure that will certainly be brought to bear upon them to secure the appointment of persons for their usefulness in popular elections rather than for their fitness for the position

There can be no plan devised under our system of popular government that will not be liable in some degree to these abuses But it can be easily perceived that the evil here suggested is likely to be far greater with the appointing power vested in the Council alone than it would be under the bill as it stood before the amendment was made

The farmers of Union county have organized an Agricultural Society and have elected the following officers F Shoemaker President; W G Snodgrass, secretary V D Hannah Vice President and J T McComas Treasurer A Board of Directors was appointed and a Committee on Grounds of one person from each precinct.

The Battle of the Giants

On Wednesday evening we received a dispatch from Salem, stating that J H Lappens, Chief of Police of Portland and Senator Fay of Jackson had attacked Eugene Semple State Printer with pistols and that the last named gentleman was seriously injured It turns out that there were no shots fired We give the account of the affair as published in the Salem dailies of yesterday The Statesman gives it as follows

The streets last evening were alive with rumors of various kinds concerning an encounter that took place on the corner opposite the Chemeketa Hotel We made several inquiries but as is usually the case in instances like this it was almost impossible to make any reports of the affair agree Every person we interviewed last evening gave us a different version of the story and we can do no more than give the facts as we heard them The participants in the affray were Messrs Lappeus Fay Semple and Trevitt It seems that Mr Semple was coming up Commercial street behind Mr Lappeus when the latter wheeled around and struck him with a cane Mr Semple drew his revolver and his first impulse was to fire but he changed his mind and used the but end of the weapon as a means of defense Messrs Fay and Trevitt happening to come along at that time and seeing that Lappeus was getting the worst of it pitched into Semple and the three got away with him in a hasty manner It seems to us as though the odds were rather large against Mr Semple, but as we were not an eye witness we may not know the circumstances of the case

The *Mercury's* account runs thus:

Last evening between six and seven o clock a most dastardly attack was made upon Mr Eugene Semple State Printer The affair occurred as follows so far as we are able to obtain the facts Jas D Fay, whose character is too well known to need any comment upon our part, had some words with a gentleman from Portland of an unfriendly character, but they were separated by bystanders and each went his way Shortly afterward some person went into the dining room of the Chemeketa Hotel and informed some persons seated at a table that a person outside was making use of language derogatory to the character of Mr Fay James H Lappens Chief of Police of Portland immediately jumped up and announced his determination to stop the mouth of the individual who was bold enough to say aught of Mr Fay, and immediately started out of the hotel On the opposite corner from the hotel in front of the Magnolia Saloon he met Mr Semple who had taken no part in the previous controversy, and who made some remark to him, of which we are not informed, and struck him with his cane forcing Mr Semple into the saloon Mr S had however apparently got the best of the Chief, and would probably have given him more than he anticipated, when Fay and Trevitt, a resident of Wasco county, appeared and commenced an assault upon Mr Semple Semple then quit Lappeus and went after Fay but the odds were too much for him, and parties interfering ended the affair There can be no doubt the attack was pre arranged, as the two accomplices of Lappeus were beside the saloon almost immediately upon the attack, and used their weapons vigorously until prevented by bystanders

We publish in another column a petition from citizens and tax payers of Portland, to the Legislature, asking the passage of the Water Supply Bill without amendment The bill was drafted by an experienced hand, under the direction of a committee that had given the matter long and thorough investigation, and it had been published in the daily papers at Portland and its provisions were well known to our citizens for some weeks before it was introduced, and no public objection was made to it This petition was circulated only a short time, and we are informed only three persons to whom it was presented refused to sign it

The late Democratic Convention at Olympia nominated Col B F Shaw, of Vancouver, as candidate for Councilman for the Upper District, composed of the counties of Clarke, Skamania, Klikitat and Yakima For the Lower District, composed of Clarke, Cowlitz, Pacific and Wahkiakum counties, no nomination was made The Republicans of Clarke county, we are informed, talk of closing hands with the Democracy and nominating some good man for the position whose interests are identified with the county

Letter from Roseburg

ROSEBURG, Oregon, Oct 9, 1872

TO THE EDITOR OF THE OREGONIAN

The Greeley Democracy here opened the campaign in this county with singular vengeance The Register and Receiver of the Land Office assisted by other Republicans, erected a very high Grant and Wilson pole in front of the Land Office last Saturday. About midnight on Sunday a few high toned Greeley reformers, availing themselves of the stillness of the night, when none were there to see them, hoisted a white rag to the top of the Grant and Wilson pole, bearing the names of Greeley and Brown, and then maliciously (as the entire transaction conclusively demonstrates,) pulled the halliards through the loop-hole at the top, leaving only one end there holding their rag The pole being very high, it became a difficult matter to lower the rag without cutting the pole down, as suitable apparatus for climbing was not to be obtained here After ineffectually trying different theories, Mr Bailey Singleton came to the rescue, and, with the use of a very long ladder and a series of small poles attached at the ends succeeded in hauling down a thing none dared to claim; a thing hoisted by dastard, clandestine hands, at the hour of midnight, and then *ala Commune* and in keeping with the "reform" practices of their hybrid organization, they destroyed the halliards During the many bitter campaigns in this county no such mean cowardly and contemptible trick was ever perpetrated And yet this *gallant* midnight achievement must needs be telegraphed over the State in a spirit of exultation by respectable Democrats! This chivalrous electioneering has already lost the Greeleyites several respectable followers and receives the merited contempt of the lawabiding of our community

The campaign conducted by Republicans is peaceable They resort to logic to strengthen their cause and this they do in daylight and to the injury of none

We shall continue on in the Grant and Wilson cause against those Roseburg Ku Klux and on the first Monday of November next shall enroll such a majority in Douglas county for the grand old Republican party as shall fitly rebuke the motley crew of rebels Democrats and gangrened Republicans bearing the ludicrous title of *reformers* H

Letter from McMinnville

McMINNVILLE Oct 8 1872

TO THE EDITOR OF THE OREGONIAN

As the people of Lafayette (and St Joseph) are discussing in the papers the question of purchasing or leasing the locks and canal at Oregon City I propose to let McMinnville be heard from Although our town is further up the river than Lafayette, and hence in the possible only part of the year, still the question of cheap transportation is of no less vital interest to us and perhaps on one account it may be more important We live in the heart of a great grain growing country and the mills and warehouses of our town are already groaning under the weight of grain and flour that is accumulating for the season of navigation Now whatever tends to lessen the cost of sending this produce to market increases the return to the producers and thus increases the amount of money in circulation and affects the interest of every man in the county

If the river grade is to remain as it is and the produce of the country is to be all carried off by one company there is no hope for any reduction in the rates of freight but if by opening the river to all competition is brought in we don t care whether our grain and flour are carried by land or water for both ways are sure to be cheapened It is not the cost of making a portage that keeps up the price of carrying it is the fact that competition is eventually shut out If the State even by an outlay of some thousands of dollars can transform this lock swindle into a useful enterprise, and make it the means of free trade on the river, they will do a great thing for the people of this county as well as others All we ask of our delegation in the Legislature is that they will carefully examine this matter and give us a chance for cheap transportation on the best terms that are practical

FRIDAY MORNING, OCTOBER 11 1872

CITY.

NECK BROKEN —A man named Lawrence Ryan was found dead along the road side about two miles beyond East Portland yesterday afternoon under the following circumstances Ryan it seems had started from his farm over near Columbia slough yesterday morning with a load of hay, intending to bring it to this city Mr Thomas Cully, of East Portland was hauling vegetables from his farm to this city and traveled the same road that Ryan did When on his way to East Portland and about two miles beyond that place Cully observed a team at the road side He recognized the team and wagon as those belonging to Ryan He also noticed that the wagon was loaded with hay and that a portion of the hay had slid off Not seeing anything of Ryan Cully naturally supposed that the old gentleman had gone off to procure assistance to help him place on the load, and so he passed on In about an hour Cully passed the team on his way after another load He saw the team still standing by the roadside with nothing disturbed He still thought nothing wrong and passed along On his return to East Portland he observed the wagon and team in the same position Thinking it a little singular he stopped his team and got out to ascertain the cause of the long stoppage Cully commenced to inspect the heap of hay on the ground and presently perceived a boot protruding Examining more carefully he discovered a man under the hay He drew him out by one leg and found it was the lifeless remains of Ryan He came to town with all speed and notified Coroner Dyer, who proceeded to East Portland. Barney Trainor, in the meantime learned of the occurrence, and being an old friend of Ryan, he procured an express wagon and proceeded to where the body was and brought it to East Portland, in time to meet the Coroner A jury was hastily summoned and an inquest held over the remains From the evidence of Mr Cully and others, it appeared that Ryan, while on the way to the city, slipped off of the hay, and striking on a log at one side of the road, dislocated his neck, as an examination disclosed the fact that his neck was broken The jury rendered the following verdict after hearing the testimony of the witnesses and physician:

We the jury summoned by Thos J Dryer, Coroner of Multnomah county, to ascertain the cause of the death of the deceased Lawrence Ryan, after hearing the testimony of Dr Charles Bailey, a physician of this county, and the evidence of Thomas Cully and Barney Trainor who were acquainted with the deceased, found that he came to his death by falling from a load of hay and dislocating his neck" O M Barnard, foreman, T J Carle, Wm S Gordon James Burk, J Peebler, and Barney Trainor

Ryan was an old and well known citizen of this county, having resided here for the last ten years He was aged about 60 years, and unmarried He was a quiet citizen and well respected At times he indulged too freely in the use of strong drink The cause of his death is probably attributable to this one failing He had some little property The remains will be buried to-day at the expense of his friends

ARREST TERMINATION —Durlog one of the races at the circus last Wednesday evening an exciting little episode occurred which was not put down in the bills, but which, nevertheless, caused a sensation not unmixed with the ludicrous Three ladies connected with the circus entered the larger outer circle to engage in a race Each was well mounted, seated sidewise on the ordinary ladies' saddle At a given signal, the horses started off at full speed On the third round as each rider was urging her horse to the extent of its speed and "hugging the track" as closely as possible, the girth of one of the rider's saddle suddenly became loose Following the natural tendency of all bodies when moving rapidly in a circle, the lady flew off on a tangent She was pitched headlong about fifteen feet through the air, making several very handsome somersaults and alighting on the back of her head and shoulders Every one in the audience who witnessed the accident, supposed that the lady's neck was broken or else she was severely injured Great excitement for a moment prevailed The actors ran to the assistance of the fallen fair, while women held their breath; children cried and dogs barked But the lady seemingly scarcely touched the ground before she sprang to her feet as elastic as an India rubber ball, and called for her horse Before, however, the animal could be caught, and other rider was thrown in the same manner on the opposite side of the ring This greatly increased the general excitement; but the confusion soon subsided, when it was known that neither had sustained injuries by the falls The whole occurrence passed with a general hearty laugh, but caused the postponement of the ladies' race for the evening

TRACK WIDENED —In the progress of the construction of the car track along First street a new difficulty it seems has presented itself After the rails were laid and the track planked, the small space of an inch or more between the outer edges of the rails and the Nicolson pavement has been "stamped" with sand and gravel These articles were "packed" very firmly, and consequently exerted a powerful lateral pressure against the rails The "tamping" progressed some distance, when it was discovered that by it the rails had been forced nearer together than the prescribed gauge and that it would be impossible to run the present cars over the road in consequence of the narrowness of the track. Before the track is placed in proper condition to admit of the passage of the cars, the "tamping" will have to be loosened and the rails spread farther apart This is, however but a trivial mistake, and will occasion but little if any delay, and require the additional expenditure of but a trifling sum

NEARLY CRUSHED —A small child came near being run over and crushed to death the other evening, near the corner of First and Madison streets The child was playing in the street when an express wagon came rapidly down Madison and turned up First. The driver did not perceive the child until he was so near that it was impossible to avoid running over it He endeavored to do all he could, bringing it to a dead halt At the same instant a gentleman rushed in and drew the child directly from under the animals' feet The child was knocked over by the team but very fortunately escaped with a few injuries If drivers would observe more caution adopt slower speed, and parents would not allow small children to play on the public streets without any attendants there would be less liability of accidents, and fewer casualties to record

INDEPENDENT FIRE COMPANY —One of the morning papers says "A number of young men of this city have decided upon getting up an independent fire company amongst themselves without being attached to the regular Department They intend making it a volunteary fire company and will purchase their outfit consisting of hose and engine; with that subjecting the city to the least expense, and they wish to reserve the right of going to a fire only when they think it absolutely necessary" Perhaps the parties who are endeavoring to organize an independent fire company, have not closely perused the City Charter on that subject. Section 2 of Article 5 says "It shall be unlawful for any company or association not belonging to the Department, to perform any of the duties of firemen when said Department, or any portion thereof is in service"

THE COUNTY HOSPITAL —We are gratified to note the recent improvement which has been made to the County Hospital in the erection of a large and commodious building for the comfort of the inmates The new building is in the form of a wing, the main part being twenty by sixty feet, with a wing on each side twenty by forty, two stories high. The whole is well provided with sleeping apartments, bath rooms and every convenience The entire cost will not fall far short of six thousand dollars Everything about the premises is kept to the neatest possible style much to the credit of the Superintendent as well the present County Commissioners It appears to be the aim to make this institution as nearly self sustaining as possible

ADDITIONS MADE —Portland is eminently a literary place, and requires a deal of intellectual pabulum to satisfy the public cravings if the number of books received at the Library is a correct index Almost every steamer brings large numbers of books which are added to the already large collection The works now on hand embrace all the popular copies of the age and are calculated to meet and satisfy all the varied tastes of the community The present stock includes works of travel, science biography history and fiction, besides all the standard works of poetry The last steamer brought forty four volumes which can now be found on the Library shelves, ready and waiting perusal

BROUGHT IN —The bark *Fortseed*, which has been anchored out in the stream opposite the foot of Main street, for the last two months was brought along side the wharf of Moffett & Stephens yesterday She will be placed on berth for Hongkong in place of the *Garibaldi*

IN DANGER —Yesterday we observed a little fellow not more than five or six years of age climbing carelessly about the wheels of the locomotive while that ponderous piece of mechanism was standing still on Fourth street The engineer whose attention was directed at the time to something else was not aware that the child was in any danger A gentleman who fortunately happened to be passing at the moment took the little fellow away before the locomotive was put in motion It is a passing mystery why parents will allow such small children to play on Fourth street who are totally unconscious of a sense of danger when the locomotive is hourly passing and repassing

BOAT DAY —Moffett & Stephens wharf presented a lively appearance yesterday The *Gov Gold* which will sail this morning, will carry away to the Flowery Land about 200 passengers Those passengers were busily engaged in making the necessary preparations for their departure Scores of them were crowding the wharf, placing their baggage on board the vessel and piling in their bunks A number of carpenters were engaged in preparing berths, closing down the hatches and several masons in building cooking stands Everything was hustle and confusion, and the busy notes of preparation were heard on all sides

BURGLARS —Some gentleman (?) who neglected to leave his card, broke into the residence of Mrs Daly, East Portland, on Friday night last, by cutting out one of the windows The lady who is a widow, knew nothing about it until next morning Then she found everything turned upside down, her clothes scattered helter skelter and the contents of the flour barrel on the floor, showing that the thief had searched the premises pretty thoroughly The thief only got $4 50 for his trouble, however though there was considerable more money about the house at the time So says the *Era*

STABBING AFFAIR —We learn by parties from Vancouver that a stabbing affray occurred at that place Wednesday evening between a man named Wash Brady and a discharged soldier The cause of the altercation is not stated The soldier was stabbed several times, and it is thought that the effects of the wounds may prove fatal Brady is now lodged in jail

HEARD FROM —The *Era* says: From parties just returned from the Goose Lake country, we learn that Moreton, the street contractor who absconded from this city last winter, to get rid of paying several debts he owed to different parties, is a resident of that loca ity, engaged in sheep raising

NOT HEARD FROM —Nothing has been heard of the brig *Pathfinder* since she sailed from this port for Honolulu Advices will soon be received from her, if she arrived at the Islands before the 31st ult, as the steamer was to have left Honolulu on that date for San Francisco

BOUND OVER —Joseph Taylor and Sarah Connolly, who were examined before Justice Davis last Wednesday on charge of keeping a bawdy house for the purpose of prostitution and also for the abduction of a young lady, were held to answer in the sum of $500

VERY ILL —It is with sincere regret that we announce the serious illness of Major Simeon Francis, an old and universally respected citizen and soldier of the city Maj Francis is lying very low at his residence, with but little if any hopes of his recovery

DISCHARGED —We are informed that fourteen of the mechanics engaged at the car shops at Kalama, have been discharged by the Northern Pacific Railroad Company, for what reason our informant was unable to tell

PUMPING OUT —The cistern at the intersection of Stark and First streets was pumped out yesterday afternoon by Protection Engine No 4 The object was to allow some needed repairs to be made to the cistern

THE ASSESSMENT ROLL —The copy of the assessment roll for 1872, on which the Deputy County Clerk has been engaged for the last two weeks, will be completed about Saturday next.

TO SAIL —The bark *Garibaldi* having completed her cargo for Hongkong, will proceed down the river this morning. She will proceed to sea the first favorable opportunity.

ADJOURNED — The County Court adjourned Wednesday evening until the 16th inst, for the transaction of county business

LOCAL BREVITIES.

A Directory of the State is to appear within a few months

The Presbyterian Church was the scene of a wedding last evening

The *Oneonta* did not arrive from the Cascades last evening until after 6 o'clock

WEEKLY OREGONIAN, an important number, now ready Be sure and mail one to your friend in the States

RELIGIOUS INTELLIGENCE.

PERSONAL, LOCAL AND GENERAL.

[From the Advocate]

The collection for the missionary cause in the Taylor street M E Sunday school was about thirty five dollars last month

The sermon on Sabbath evening last by Rev. G W Izer, pastor of the Taylor street M F Church, was founded upon the words, "Beware of covetousness"

The Library Committee of the Taylor street M E Sunday school having secured subscriptions and cash to the amount of four hundred dollars the new library will be purchased forthwith

We are authorized to say that the published minutes of our last Conference will be ready for distribution on Saturday next They will be sent out through the mails by the middle of next week

PETITION OF CITIZENS AND TAX-PAYERS TO THE LEGISLATURE.

To the Honorable Legislature Assembly of the State of Oregon We the undersigned citizens and taxpayers of the city of Portland, would respectfully represent to your Honorable Body that the "Bill for an act to provide the city of Portland with water" which is now under consideration by your Honorable Body, was prepared by a committee of Councilmen and citizens among whom were some of the oldest residents, and three of the very heaviest taxpayers of the city after long and careful consideration that it was by them submitted to the Common Council and received the unanimous approval and recommendation of that body that it was published in the papers of the city and, in pamphlet form, was distributed generally through the Postoffice and otherwise, so that ignorance of its provisions cannot be fairly alleged by any resident of the city that no remonstrance or expression of disfavor has been manifested, but, on the contrary the bill is conceded to be most suitable to the wants and wishes of the city at large

We, therefore, respectfully pray your Honorable Body to enact the said bill into a law without change or amendment and especially would we beg that no change be made in the manner of the appointment of the Water Commissioners as provided in section six of the bill We think the section is more generally acceptable as it stands than it would be if changed in any respect And your petitioners will ever pray &c

AMUSEMENTS

By all means don't fail to go and see the circus It is no one horse show, but everything is on a grand scale

Thompson & Kingsley's circus will perform in the city during the present week Next Monday the company will proceed to Hillsboro, and perform there during the continuance of the Washington County Fair

"Money" was the play presented at Rood's Opera House, Salem, last evening On Wednesday evening "Enoch Arden" drew but a small number, owing to the counter attraction—a reception at Governor Grover's.

Canyon Gardens will be reopened once more—next Sunday—providing it don't rain The performances will consist of tight rope walking, dancing singing, etc The advertisement under the head of amusements gives full information

Waldron's company, now performing at Salem, will return to this city the first of next week A theatrical season will soon after be inaugurated at Oro Fino Theater The company will hot go to Victoria and play a season, as has been announced

PLANTATION BITTERS!
S. T.—1860—X.

This wonderful vegetable restorative is the shoot-anchor of the feeble and debilitated. As a tonic and cordial for the aged and languid it has no equal among stomachics. As a remedy for the nervous weakness to which women are especially subject, it is superseding every other stimulant. In all climates, tropical, temperate or frigid, it acts as a specific in every species of disorder which undermines the bodily strength and breaks down the animal spirits.

THE TERRITORIES.

Apples sell in Olympia at $1 per bushel.

Parties are engaged in prospecting for gold bearing quartz along Snake river above Lewiston.

An Olympia paper says Tumwater is the safest place for an investment on the Sound. The town is improving rapidly.

Hon. S. Garfielde will speak on political matters at Grand Mound Prairie on the 15th inst (next Tuesday) at 1 o clock P. M.

The remains of Mr I B Thomas, whose death was noted at Olympia a few days ago, will be taken to New York for interment by order of his family.

Mr. Ansil Marble, of Salmon Creek, Clarke county, W. T., is at present manufacturing an article of flour which stands unexcelled in the market.

In Brunsport, Pacific county, W. T., there are forty voters and only two of them will vote for McFadden, the Greeley candidate for Delegate to Congress.

A reminiscence of the past in the shape of a large buckskin purse full of bogus gold dust, was found on Florida Mountain, near Silver City, the other day.

The editor of the Owyhee *Avalanche* is in receipt of a monstrous hydra shaped potato of the class Medusæ. It consists of eight potatoes of much more than ordinary size, connected a la Siamese twins, and weighs about 9 pounds.

The Red Mountain Mining Company was incorporated in San Francisco, September 21st. Location of works: Owyhee county, Idaho Territory. Capital, $1,000,000. Trustees: J. M Wilson, A. G. Stiles, Martin Jones, Carl Davis and A. Hermore.

The Columbia river bottom has long been noted for the excellent quality of its cheese. Mr. M. R. Hathaway, of Union Ridge, has for years had matters his own way in the market, but must hereafter divide both the honors and the profits with Mr. C. C. Stiles, of Washougal, who is now producing an A No. 1 article at the rate of 100 pounds per day.

On the 8th inst. Mr. Hallet drove his last spike and completed his forty mile section of the railroad. The ballasting party is some distance behind, but will soon catch up. Olympia is now within 10 miles of the iron horse and the fearful hardship incident to a journey across the country to the Columbia river are now numbered among the things of the past.

The Republicans of Cowlitz county have made the following nominations: Representative, Jas. A. Bark; Auditor, S. H. Woolsey; Sheriff, R. C. Smith; Treasurer, E. G. Ingalls; Probate Judge, J. T. Maulsby; School Superintendent, D. Whitehouse; Assessor, M. Monaghan; County Commissioners, M. Morrill, G. W. Rood and S. Caruthers. Another candidate for Representative is to be made in conjunction with Wahkiakum county.

The Walla Walla *Statesman* says: "Some time since, it was announced that Bishop Morris had in his hands $10,000, which was to be expended at some point in Washington Territory, in the erection of buildings suitable for a boys' school of high grade. It was further stated that the academy would be located at Walla Walla, and the money expended here, provided our people would subscribe an equal amount, either in land or money, toward carrying out the project. Lately, our people have considered the proposition, and the sums already subscribed give assurance that the school will be located at Walla Walla. Dr. D. S. Baker heads the list with $1,500, and the aggregate already foots up $5,000. In a week or two, there is every reason to believe that the balance will be raised, and then Bishop Morris will be called upon to carry out his part of the proposition."

OREGON.

Salem rejoices in a photographic machine and gallery which travels around on wheels and takes everything "on the spot."

The Oregon Presbytery of the Cumberland Presbyterian Church will meet at Lebanon, Linn county, at 7½ P. M. on the 23d inst.

Enslen's new wagon road from the mouth of Goose Creek to Hog 'em and Eagle Creek mines, in Baker county, is nearly completed.

A reception given by His Excellency Governor Grover and wife, at Salem, on Wednesday evening, is said to have been a highly creditable affair.

Wheat is pouring into the warehouse at the Hillsboro Landing. There is now about 3,000 bushels already stored, and still coming from every quarter.

The citizens of Salem are highly elated over the passage of the bill to appropriate $100,000 to be expended in the erection of a State Capitol in their town.

A little daughter of G. H. Benson, of Union county, accidentally got hold of a bottle containing some kind of poison, last week, and drank some of the contents, from the effects of which she died.

A letter from Hillsboro says the Washington County Agricultural Society are exerting themselves to make arrangements to accommodate all who shall attend the Fair to be held next week. Those wishing stalls on the ground should apply soon.

The Dragon *Sentinel* tells of a Union county farmer who tilled eighty acres of land, and raised 140 tons of hay, 200 bushels of wheat, 200 bushels of potatoes, and $50 worth of other stuff, all of the value of $1,210. The Wallamet valley can beat that. A poor Yamhill man raised 3,000 bushels of wheat, worth $2,250, on the same quantity of land.

Governor Bennett made a stirring political speech to a crowed house on last Tuesday evening. The *Statesman* says: He traced the record of the party during the past few years, paid a handsome tribute to its acknowledged leaders, showed up the Democratic reform (?) in its true light, delivered crushing blows of scathing rebuke at the bulwarks of the Greeley supporters, touched lightly out in a humorous manner on the attacks made by Democrats on the personal character of General Grant, and in a general way knocked the props from under the so called "Liberal reform" movement, and showed the inside workings of the machine in anything but an acceptable manner to the friends of the "Old White Hat."

The Paris correspondent of the London *News* thinks it probable that Father Hyacinthe's marriage will be followed by that of a large number of the French priests, many of whom are, according to the *Patrie*, going to renounce publicly their vows of celebacy. The average number of priests in France who marry is, it appears, not less than from twenty to thirty a year.

A collection is proposed in Ireland to assist John Mitchell, because his paper, the *Irish Citizen*, has come to grief. What a truly philanthropic people the Irish are.

Wheat in Liverpool, 13s

Under the present state of the money market our merchants find it necessary to urge buyers in the interior to be prompt in remittances, that they may be able to fulfill engagements with the same readiness. During the week now under review we are able to note but few changes in rates for produce or imported goods.

The Liverpool wheat market shows some decline and a weakening tendency is noted in San Francisco, in the same product. A scarcity of capital and the lack of shipping has induced a state of inactivity in business in our wheat market, though the rates offering in the market would, under the circumstances of former years, have excited a very lively state of things in this respect.

During the week advices reach us of a decided advance in the price of coal in England, the great effect of which is scarcely expected to be realized by the ordinary American reader. In Europe when coal goes up a hundred other articles are affected by the rise, and in the judgment of reliable business men the high rates which iron attained all over the United States the last season were attributable, in the main to an advance of a few cents per ton on coal in England. Then it is the motive power and groundwork of business and sudden or great fluctuations in the value often result disastrously in a very great degree. This is natural in all large manufacturing districts where a reduction in the supply of fuel brings about a corresponding decline in products and a rise of wages to employes. Just what the effect of the present rise will be, or its extent is not now known.

Financial matters in our home market are not yet in an easy condition and remittances are slower than they should be, in a healthy condition of trade. However we do not hear so great a complaint of the pressure as was anticipated a few weeks since and dealers have been able to meet their liabilities without serious difficulty. A careful management will doubtless continue this condition of affairs until the surplus products of the country find their way into the markets and turn the volume of treasure toward instead of from us.

In order to show one great reason for the much complained of scarcity of funds we cite the fact that the treasure shipments from San Francisco, East during the first nine months of this year through regular mercantile channels, were over $25,000 000, while for a corresponding period of last year they fell short of $16 000,000. This 41 excessive of remittances by mail of which no account is kept but which are known to be increasing in a greater ratio every year. So that at a low estimate the excess of treasure shipments from the coast this year over those of last is $12,500,000, which alone is to be taken into account in a reckoning of the causes which have produced the present stringency in financial matters on this coast, and in the opinion of business men is a much more powerful cause than any law upon the subject of interest which is on the Statute books of Oregon.

The call for shipping is still urgent, and freights for the United Kingdom continue as at last advices. All the vessels arriving on the coast find ready charter at rates which will be very likely to prove much more profitable to their owners than to shippers or producers. The high freights now demanded by sailing vessels at once accounts for the low price of grain, and the effort of California papers to blame all this on a "ring" is simply cheap trick, unless it be a ring of ship owners in the several mercantile nations of the world, a matter hardly supposable. To move the surplus Grain crop of the Pacific States, it is estimated, would require a fleet of five hundred ships, which no combination of circumstances could bring here inside of ninety days.

Our home Produce market is inactive in many respects, though the volume of business has decidedly improved on that of last week, and dealers generally are full handed.

A farmer in Washington county writes us, bidding fault with the papers in regard to rates which are offered for Wheat, and says, while the papers quote $1 40 to $1 45 ₩ cental, producers in many instances have reported that they were unable to obtain more than 75c ₩ bushel, which is only $1 25 ₩ cental. The same farmer indirectly charges the papers with unduly sympathizing with buyers, and desiring to induce a flooding of the market, in order to maintain the present low rates. As far as the OREGONIAN is concerned, we most certainly desire to make our reports in conformity to the facts, though we may sometimes be mistaken in the profit which is to be given from our various sources of information. We cannot possibly have any interest in misleading any class of our readers as to the various rates which prevail for all the different grades of produce. Our farmer friend may be himself the subject of unreliable reports, as there is no doubt a great difference in the quality of the grain offered, the condition when put into the market, and the disposition of the purchaser. We assure our readers that the first attempts of speculators to bear prices by illegitimate means, will, when discovered, be immediately exposed. The price, $1 40, is for Wheat in sacks, sacks included, which accounts for the discrepancy discovered by our correspondent;

NATIONAL REPUBLICAN PLATFORM

ADOPTED BY THE REPUBLICAN PARTY, IN CONVENTION AT PHILADELPHIA, JUNE 6, 1872.

The Republican Party of the United States assembled in National Convention, in the city of Philadelphia, on the 5th and 6th days of June, 1872, again declares its faith, appeals to its history, and announces its position upon the questions before the country:

1. During the seven years of its supremacy it has accepted with earnest courage the solemn duties of the time; has suppressed a gigantic rebellion, emancipated four millions of slaves, decreed the equal citizenship of all and established universal suffrage. Exhibiting unparalleled magnanimity, it criminally punished no man for political offenses and has warmly welcomed all who proved their loyalty by obedience to law and love for their fellow citizens. It initiated a new policy toward the Indians, the Pacific Railroad and similar great enterprises have been generously aided and successfully conducted to completion, the public lands have been wisely given to actual settlers, immigration has been promoted and encouraged, and a full acknowledgment of the rights of naturalized citizens secured from European powers. In the form of National currency, it has provided for the National credit, and sustained it under the most extraordinary burdens, and has successfully restored the par ratio of interest. The revenues have been carefully collected and honestly applied. Despite the annual large reductions from the rate of taxation, the public debt has been reduced during U. S. Grant's Presidency at the rate of $100 000,000 per year. A financial crisis has been averted, and peace and plenty prevail throughout the land. Menacing foreign difficulties have been peacefully and honorably compromised, and the honor and power of the Nation kept in high position throughout the world. The glorious record of the past is the party's best pledge for the future, and we believe that the people will not entrust the government to any party or combination of men, composed of those who chiefly have resisted every step in this beneficial progress.

2. Complete liberty and exact equality in the enjoyment of all civil, political and public rights should be established and efficiently maintained throughout the Nation by efficient and appropriate State and Federal legislation. No less law nor less administration should admit of any discrimination in respect to citizens by reason of race, creed, color, or previous condition of servitude.

3. The recent amendments to the National Constitution should be cordially sustained because they are right, and they embody the results of a great war, and should be carried out in spirit and letter by appropriate legislation, the enforcement of which can be safely trusted solely to the party that secured the amendments.

4. The National Government exists to maintain an honorable peace with all nations, protecting its citizens everywhere, and sympathizing with all peoples who strive for greater liberty.

5. Any system of civil service under which the subordinate positions of the Government are considered rewards for mere party zeal, is fatally demoralizing, and we therefore favor a reform of the system, by a law which shall abolish the evils of patronage and make honesty, efficiency and fidelity the essential qualifications for public position, without practically creating a lifetenure of office.

6. We are opposed to further grants of public lands to corporations and monopolists, and demand that the national domain be set apart for free settlement by the people.

7. The annual revenue, after paying current debts, should furnish a moderate balance for the reduction of the principal of the public debt, and except so much as may be derived from a tax on tobacco and liquors, be raised by duties on importations, which shall be sufficient to aid in the encouragement and wages to laborers, and to promote the industries and growth and prosperity of the whole country.

8. We hold in undying honor the soldiers and sailors whose valor saved the Union. Their pensions are a sacred debt of the Nation, and the widows and orphans of those who died for the country are entitled to the care of a generous and grateful people. We favor such additional legislation as will extend the bounty of the Government to all our soldiers and sailors who were honorably discharged, and to the time of duty became disabled, without regard to length of service or the cause of such discharge.

9. The doctrine of Great Britain and other European powers concerning allegiance, which was a subject of long controversy, having at last, through the efforts of the Republican party, been abandoned, and the American idea of the right of an individual to transfer his allegiance having been accepted by European nations, it is the duty of our Government to relieve, protect and defend its citizens who have become such by the assumption of unauthorized claims by their former Government, and we urge a continued and careful encouragement and protection to voluntary emigration.

10. The franking privilege ought to be abolished and a way provided for reductions in the rates of postage.

11. Among the questions which press for attention is that which concerns the relations of capital and labor, and the Republican party recognize the duty of shaping legislation so as to protect as well as develop the resources and promote the welfare of the laboring classes wherever they may be found. Capital, and for labor which creates capital, the largest opportunities add a just share of the mutual profits of their use, are servants of civilization.

12. We hold that Congress and the President have only fulfilled an important duty in their measures, for the suppression of violent and treasonable organizations in certain lately rebellious regions and for the protection of the ballot, and therefore they are entitled to the thanks of the Nation.

13. We denounce the repudiation of public debts, in any form or disguise, as a national crime. We witness with pride the reduction of the principal of that debt, and of the rates of interest upon the balance, and confidently expect that our excellent national currency will be perfected by a speedy resumption to specie payment.

14. The Republican party is mindful of its obligations to the loyal women of America for their noble devotion to the cause of freedom, their application for effectual and further relief in securing to them the full rights of citizens, and the honest debts of any class of citizens for additional rights should be treated with respectful consideration.

15. We heartily approve of the action of Congress in granting amnesty to those engaged in the rebellion, and justice in the growth of peace and fraternal feeling throughout the land.

16. The Republican party proposes to respect all rights reserved by the people to themselves, as carefully as the powers delegated by them to the State and Territorial governments. It disapproves of assorting constitutional laws for the purpose of removing evils by the interference with rights not surrendered by the people to either the State or National Government.

17. It is the duty of the General Government to adopt such measures as will tend to encourage American commerce and shipbuilding.

18. We believe that the modest patriotism, the earnest purpose, sound judgment, practical wisdom, incorruptible integrity and illustrious services of U. S. Grant have commended him to the heart of the American people, and with him at our head we start to-day on a new march to victory.

Ordinance No. 1227.

AN ORDINANCE TO PROVIDE FOR THE TIME and manner of improving that part of Fourth street lying between the center line of Jefferson street and the south line of College street.

The City of Portland does ordain as follows:

Section 1. The proposed improvement of that part of Fourth street lying between the center line of Jefferson street and the south line of College street, shall be conducted on or before the 15th day of November, 1872.

Section 2. The improvement shall consist of grading and laying a plank roadway the entire width of the street, in the same manner as provided by Ordinance No 1169, for the planking of that part of Fourth street lying north of Jefferson street.

Section 3. The Committee on Streets and Public Property are hereby authorized to advertise for and receive proposals and enter into contract with the lowest responsible bidder or bidders for that part of the work lying outside of the limits of the railway lines, and the Oregon Central Railway Company is hereby directed and required to complete that portion of the work lying within the outer line of the ends of the railway ties, within the time and in the manner provided by this Ordinance; Provided, That the contract for that part outside of the limits of the railway ties shall not be let till the Oregon Central Railway Company finishes grading that part of the street herein provided to be planked.

Section 4. The contractor shall take entire charge of the work during its progress, and shall be responsible for any loss or accident resulting from carelessness or neglect.

Section 5. The improvement shall be completed to the satisfaction of the Committee on Streets and Public Property and the Street Commissioner.

Passed the Common Council September 11, 1872.

W. S. CALDWELL, Auditor and Clerk

Approved Sept. 20, 1872

PHILIP WASSERMAN, Mayor.

Fourth Street.

SEALED PROPOSALS WILL BE RECEIVED AT the office of the Auditor and Clerk of the City of Portland until 10 o'clock, M., Saturday, October 12 1872, for the improvement of that part of Fourth street lying between the center of Jefferson street and the south side of College street in the manner provided by Ordinance No 1227.

Bids must state opposite the number of each block, the price per cubic yard for excavation and embankment, other than the grading rendered necessary by the change of grades made by Ordinance No 1004; the price per lineal foot for planking the roadway from the end of the railway ties to the curb; and the price per lineal foot for planking the intersections, including the box gutters.

Each bid must be accompanied with the bond of two freeholders, properly verified, in the sum of five hundred dollars, to the effect that if the contract be awarded to such bidder he will, upon its being so awarded, enter into contract therefor with good and sufficient sureties for its faithful performance.

The right to reject any and all bids is hereby reserved.
